Teaching Assistant: Anna Kazanova,

TA's e-mail: kazanova@math.umass.edu

TA's Office: 1323-L LGRT

TA's Office Hours: Tuesday 1:30 - 2:30 PM, Thursday 4:00-5:00 PM, and Thursday 11:50 - 12:50 PM in the Calculus Help Center.

Text: (Same one used for Math 131)

J. Stewart, Calculus: Early Transcendentals , Hybrid Edition, 7th Edition, Cengage Learning, 2012. Paperback printed book + eBook + **WebAssign**. ISBN-13: 9781111426682.

If you did not previously buy the text for Math 131, there are various print and e-book options available at the Textbook Annex. Many of these options include access to the required WebAssign homework system.

Calculator: Each student is expected to have and use a graphics calculator such as TI-86 or TI-89 (or similar).

Exam dates:

Exam 1: Wednesday, October 10, 7:00-9:00 PM

Exam 2: Wednesday, November 14, 7:00-9:00 PM

Final Exam: To be scheduled by the university. The last regular day of final exams is Monday, December 17. **Make-ups will not be given to accommodate travel plans.**

See back . . .

Homework: Most of the homework will be online WebAssign homework. Additional homework problems will be assigned weekly and will be due in the TA discussion class each **Tuesday**, unless mentioned otherwise. The homework will be graded by a special grader (neither Eyal nor Anna). Due to lack of funds, it will not be possible to grade all the homework problems assigned. A few of the homework problems will be corrected and graded every week. Nevertheless, for your own benefit, you will be asked to hand in *all* the homework problems assigned. Your grade on each homework assignment will be calculated as follows:

70% The grade on the corrected problems.

30% Credit for handing in *most* of the homework problems assigned. Partial credit will be given.

Late homework will **not** be accepted. Instead, three homework grades will be dropped from the final grade. These will include the lowest grades and assignments which were not handed in.

Course Grade:

50% Exam1 and Exam2 (25% each).

30% Final Exam

20% Homework

Syllabus: Please check our web page.
